

On The Green

General Notices

Summer has arrived at last and its nice to play bowls without fleeces and waterproofs and June has come and gone, where do the weeks go.

We have had a few fixtures and club competitions cancelled due to the weather, but hopefully now the weather has improved we can have a full summer of bowling.

There has been no A and B team county matches during the month of June due to the Middleton cup, well done to the players from the club who were selected to play for the county.

There have been plenty of other matches though to keep us bowling. Friendly matches, Exmoor Trophy League, Jack Stephens, Evelyn Yeandle, West Somerset League, Ladies SWLL, Wednesday League, and of course our own Club Competitions.

There is a full fixture list for the month of July so please check your fixture books or the fixture board in the club. if your available please help the selectors by putting your name down for fixtures.

Congratulations to the club for a win in the first round of the Turnbull cup. and we wish our ladies well in their first round match away to Taunton Deane in the Fear Cup on Friday July 5th

This year we are making it a fancy dress night so please come and support the club as all money raised will go towards the Building fund.

Wrong Bias Box

We Now have a wrong bias box in the club, any wrong bias will cost you 50p, the Box is on the table with the buy a brick wall. Thanks to Harry Edwards for providing the box. I've already put 50p in.

Polite Request from the Captains and Selectors

We are now at the halfway point of the season, where club fixtures and competitions are coming thick and fast. Over the last couple of weeks we have struggled to put teams out, often having to phone around and ask people to play the day before a game. We appreciate everyone has commitments outside of The Bowling Club. however could members please continue to look at the fixture boards in the club or your fixture books, and put your names down for matches your available for. This will make our job as selectors a lot easier.

Thank you
