### Work on the Green

**You will have noticed that there is a considerable amount of work going on at the moment on the green. The ditches and edges have needed attention for some time, so new precast ditches have been installed, and the green reduced in size a little in preparation for the new proposed Bowling and community project. Rod and his green Staff are Working very hard to prepare the green for next summer.**

**Until further funding has been secured no other major work will be undertaken.**
